Why these counts differ from realtor reports. Realtor market reports count sales listed through the MLS. The Brief counts deeds recorded with Allegheny County, which also include sales that were never listed. The county marks family transfers and other non-market deeds, and Property Pulse leaves those out of its home counts. So our counts usually run higher than MLS reports for the same area.

FOOD AND DRINK

ROSS · NO LONGER ON FILE

Holiday Inn Express & Staybridge Suites, 4575 McKnight Rd

The hotel liquor license application that No. 01 reported as pending is no longer on the PLCB's pending list, and no active license shows for the hotel. The PLCB record gives no reason.

Pennsylvania Liquor Control Board, checked Oct 2

Liquor licenses in safekeeping hold at six: three in Ross, two in McCandless and one in Shaler.

PROPERTY PULSE

Every home sold in September in the six towns, the older houses listed by address with whether the county's record shows central air, and what the permit costs in each town. \$29 a month at northhillsbrief.com.

HOW WE READ IT. Property sales are Allegheny County deeds on the Western Pennsylvania Regional Data Center, read Oct 5; this issue lists business property recorded Sep 18 to 29, which reached the county file after No. 01, and buyer names are not in the county's public file. Liquor filings are the PLCB's, checked every Friday, and agendas come from each town's own website, read Oct 5. An agenda item prints as scheduled, and only minutes print as decided. The county Health Department's public inspection file has not updated since No. 01, so no food openings print this week.
